

# The Society of Sports Therapists

## Old Trafford Semi- Final Signals Another Proud Day for The Society

As Arsenal FC and Sheffield Utd prepare to do battle in the semi-final of the FA Cup at Old Trafford on Sunday 13th April The Society of Sports Therapists proudly acknowledges that it will have Society members on both benches.

In the Arsenal corner will be Society trained Sports Therapist and University of North London (now London Metropolitan University) Sports Therapy Graduate Joel Harris together with physiotherapist and Society member Gary Lewin. Another member of the Arsenal medical team, Sports Therapist and masseur Craig Gant, (also a Sports Therapy graduate from The University of North London) will also be keeping a close eye on proceedings.

The Sheffield United corner will be represented by Dennis Pettitt, one of The Society's Founder members as his membership number 004 will testify.

The game marks a glorious occasion for both sides in the course of a long hard season. All the therapists put in an extraordinary number of hours both at their clubs and on the road and their role is not always an easy one. Such a showcase game is a tremendous reward for their remarkable dedication.

We hope that they all have a marvellous day and one thing is certain, whatever the outcome, The Society of Sports Therapists will be represented in the final at Cardiff.

Best of luck, lads!
